## CAMINETTI'S INTENTION AVOWED

He Admits He is Considering Running for Governor of California

SAYS ACTION WOULD BE BY HIS OWN FREE WILL

Not from Friction Reported as Existing With Officers of the Administration

San Francisco, Feb. 17.—The general of immigration Andrew Caminetti admitted today that he is considering running for governor of California on the Democratic ticket. He expects to make a definite announcement of his intention on March 15. He said: "If I decide to make the race for governor it will be of my own free will and not because of friction between myself and other officials of the federal administration. I have received scores of letters and telegrams from California asking me to accept the nomination." He denied that he had displeased the administration by his recent speech on Asiatic immigration before the House immigration committee. In this regard Mr. Caminetti said: "In my talk before the committee I confined myself entirely to the matter of Hindu immigration. I did not go into the Japanese question, as the head of the department (Secretary of Labor Wilson) did in his annual report. I am not responsible for any false construction put upon my remarks."

The only statement forthcoming from the White house was that the President had not endorsed Commissioner Caminetti's immigration views. Certain Democratic leaders who insist that Caminetti has embarrassed the Wilson administration, suggested that he acted intentionally in the matter for the effect his stand would produce in California.

**Situation Tense**  
Gossip is busy at the capitol concerning Caminetti's plans and the tense situation that developed between the Californian and Secretary of State Bryan over Caminetti's disregard of the Bryan effort to smooth the Asiatic exclusion bill in the immigration committee in the interest of peace with Japan, as Bryan openly told the committee.

## WOMENS VOTE IS HEAVY AT OAKLAND

Saloon Reduction Leading Issue—Seattle Voting Heavily at City Primaries

OAKLAND, Feb. 17.—There was a heavy women's vote cast on eleven municipal questions today, the chief of these being a proposition to reduce the saloons here from four hundred to two hundred. School buildings as polling places are being used for the first time in the city's history.

**SEATTLE PRIMARIES POLLING HEAVY VOTE**  
SEATTLE, Feb. 17.—The municipal primaries are polling a heavy vote despite a rainfall. There are forty-seven candidates on the ballot, with nine of these for the mayoralty. Final election will take place on March 3.

**"FARMERS' SPECIAL" STARTS**  
FT. COLLINS, Colo., Feb. 17.—To give the farmers of Colorado practical lessons in various features of farming the annual "demonstration train" of the Colorado Agricultural College left here yesterday. All the lines of the Santa Fe railroad in Colorado will be traversed and stops will be made at every station where there is a sufficient interest in rural subjects to bring out a crowd. The train is made up of six coaches, carrying all manner of farm exhibits, farm machinery, livestock, etc. Prof. George Glover of the College of Agriculture is in charge, assisted by four other professors. The trip will last two weeks.

Take a stenotypy course at the Orange County Business College.

## STRIKERS' WOMEN SHOT AT BY GUNMEN

Such is Testimony Offered by Women Before Committee Probing Strikes

HANCOCK, Mich., Feb. 17.—That gunmen in the service of the mine owners fired on women strike pickets, was asserted by Mrs. Selma Heippla, a witness before the Congressional investigating committee. Through an interpreter she said: "It happened on Dec. 11. With a number of other women I was doing picket duty in Houghton county road, we were not on mine property, but deputies ordered us away and shot at us, and when we fled stoned us. They chased after us, beating us with sticks. Six women were knocked down."

Strikers' wives were numerous at the hearing. Many brought their children, the youngsters staying about the floor during the hearing. The strikers are ready with 175 witnesses.

Two Dead, 2 Missing in Powder Explosion, Tunneton, Pa.

JOHNSTON, Pa., Feb. 17.—Two persons were killed in an explosion which wrecked the plant of the West Pennsylvania Powder Company at Tunneton today. Two others are missing. The mixing house was blown to atoms.

Two Sailors Drown as Vessel Grounds at Cape Cod Bar  
ORLEANS, Mass., Feb. 17.—Four sailors on the Italian bark Castagna were swept overboard and drowned when the vessel grounded on the outer bar at Cape Cod.

King Albert Thrown by Horse—Arm Fractured  
BRUSSELS, Feb. 17.—King Albert was thrown today by a horse and his left arm was fractured.

## SENATE SERVICE OVER BODY OF LATE SENATOR BACON

WASHINGTON, Feb. 17.—Bishop Alfred Harding read the Episcopal funeral service in the senate chamber this afternoon as a last tribute to Senator Bacon of Georgia, who died last week. The seats on the floor of the senate were occupied by senators, congressmen, diplomats and high officials in the army and navy. There were no flowers or music.

## SAYS NO WORKING GIRL SHOULD WEAR FURBELLOWS

CLEVELAND, Feb. 17.—"Just common sense," is the way Miss Florence Higgins, Cleveland telephone girl, explains her object in discarding ruffles, laces and cameos for low-heeled shoes, skirts, long-pointed tailored collars, mannish suits and velvet hats. "I'm a working girl," declared Miss Higgins. "I do not advocate ruffles and lace, ribbons and brilliant pins for working girls. The plain things last longer. The streets are not being cleaned with any feathers from my hats or long trains of my dresses. The street sweepers hired by the city ought to do that." On Sundays and holidays Miss Higgins carries a cane and she defies public opinion every day.

**UNEMPLOYED PROBLEM SOLVED**  
ROME, Feb. 17.—The Italian government, which always has socialist tendencies, has just taken heroic methods for solving the problems of the unemployed which has recently assumed a serious aspect in Italy. The government will endeavor to undertake enough public work this year to give employment to all. The first contract is for \$10,000,000, the work being largely in the construction of roads, drainage of lands and other hydraulic undertakings.

**SAYS SLEEPER WAS COLIC: MAY IRWIN WANTS \$50,000**  
SAN FRANCISCO, Feb. 17.—Legal representatives here of May Irwin, the actress, today were preparing to bring suit for \$50,000 against the Southern Pacific. This amount, it was claimed, is due the actress because of illness suffered while traveling over the company's lines, and which, it was alleged, forced her to cancel a number of Pacific coast engagements. While traveling from California over the Southern Pacific, Miss Irwin's train was held up by a washout near Dunsmuir, Cal. It was charged that the sleeper in which Miss Irwin was required to remain 12 hours carried no heat and as a result she was seized with an attack of neuritis.

**SERVICE CORPORATIONS HEARD**  
PHILADELPHIA, Feb. 17.—Hearings began here today before the Public Service Commission on applications for charters for companies desiring to furnish public utilities. Those who have objections to the granting of the "certificates of public approval" under the new law of 1913 also will have an opportunity to voice their opinions.

## LITERACY TEST IS HITCH FOR WILSON

Opinion Divided as to Whether He Will or Will Not Veto Immigration Bill

HIS ACTION TO DEPEND ON SIZE OF MAJORITY

So Says Chairman Smith—Asiatic Exclusion Not to Come Before Committee

WASHINGTON, Feb. 17.—Opinion here is divided regarding the stand President Wilson will take on the Burnett-Dillingham immigration bill. Politicians have predicted that he will veto it if it passes the senate carrying the literacy test. Chairman Smith of Georgia of the senate immigration committee said he expects the president to sign the bill if it passes the senate by a large majority as in this event he said the president would consider that the country's sentiment was with the literacy test. It is understood that certain prominent men have warned the president that his political future depends on the action he takes on the immigration bill. Prominent Jews have complained that Secretary of Labor Wilson is backing the literacy test as well as the physical test. It is admitted that President Wilson's plan would stop Jewish immigration.

**ASIATIC EXCLUSION NOT TO BE CONSIDERED BY COMMITTEE**  
Immigration legislation, with provision for the literacy test for aliens, probably will be enacted before the close of the present session of congress, despite considerable opposition to the enactment of such reform pending adjustment of foreign relations and on the eve of a congressional campaign.

This became apparent yesterday when Senator Ellison D. Smith, chairman of the senate immigration committee, announced the determination of the committee to report to the senate the Burnett bill as it passed the house, with some modifications, by the last of this or the first of next week. He made known the decision of the committee not to eliminate from the measure the literacy test which would bar from entry all aliens over 16 years of age who cannot read the English language or some other language or dialect, including Hebrew or Yiddish. Asiatic exclusion, which has been much agitated in the house, will not be considered by the committee.

## OLDFIELD MAKES 8-MILE LAP IN 6 MIN.

Fastest Yet Made in Practice—Course in Good Shape—Rain May Postpone Cup Race

SANTA MONICA, Feb. 17.—Barney Oldfield turned an eight-mile lap, practicing for the coming Vanderbilt Cup Race, in 6 minutes flat. This is believed to be the best time negotiated during the practices up to date. Grant clocked a lap today in 6 min. 18 sec. All but three of the entrants practiced today.

The course is already in excellent shape and it is not believed that moderate rains will injure it. In the event of rain on next Saturday, it is probable the Vanderbilt race will be postponed until next Wednesday.

## REJECTED LOVER UNDER ARREST FOR GIRL MURDER

AURORA, Ill., Feb. 17.—With the skull crushed, the body of Miss Tracy Hollander was found by Father Louis in St. Nicholas cemetery today. Anthony Pedros, whose suit the girl had rejected, was arrested but denied the crime. The snow about the corpse was trampled, indicating a struggle.

## RADIUM CANCER PATIENT DIES ON WAY HOME AS CURED

**FIRST RAIN AT EL CENTRO IN YEAR FELL LAST NIGHT**  
EL CENTRO, Feb. 17.—The first real rain for more than a year fell last night. There was one-third of an inch. No damage resulted.

## ROMA IN HARBOR AFTER GRAVE PERIL

French Liner Happily Escapes From Treacherous Reef of No Man's Land

500 PASSENGERS FACED PERILS FOR FOUR HOURS

Revenue Cutters Sped Out in Dark to Distress Call of Wireless

PROVIDENCE, R. I., Feb. 17.—The Fabre line steamship Roma docked today after a lucky escape from Brenon's Reef of No Man's Land, where she struck last night, causing a panic among 500 passengers. The ship was not badly damaged, despite disquieting reports published this morning.

The Roma plunged on a rocky shoal last night while she was seeking to find her way past the island of Martha's Vineyard and into Narragansett Bay. The Roma, which is a French steamer, was bound from Lisbon and the Azores for New York with about 500 passengers, most of them immigrants, and a crew of probably forty men on board.

A faint "S.O.S." wireless message telling of the danger to the grounded vessel was picked up somewhere along the coast, and it set in motion the revenue cutters Acushnet, Itasca and Gresham. All three went speeding toward the Roma.

The Acushnet, which started from New Bedford about 9 o'clock last night, was the nearest of the relief ships to the Roma.

After four hours of grave peril the Roma escaped from the rocky reefs, floating at 10 o'clock p. m. and proceeding on her way to Providence.

## GORE CASE GOES INTO HANDS OF JURY

Judge Gives Instructions—Mrs. Bond's Attorney Scores Blind Senator

OKLAHOMA CITY, Feb. 17.—Both the defense and prosecution having rested in the trial of Senator Gore, charged with attacking Mrs. Minnie Bond in a hotel in Washington, D. C., the case is expected to reach the jury before tonight.

Justice Clark instructed the jury that the burden of proof rests on the plaintiff. He said the existence of a conspiracy to exact political preferment from Senator Gore might be proved on direct or circumstantial evidence. He ordered a return of a verdict for the plaintiff if the jury found that Gore laid hands on her without her consent, or believing she would consent. He said: "Unless you find the defendant threw the plaintiff on the bed you should render a verdict for the defendant."

Attorney Giddings for Mrs. Bond scathingly arraigned Gore in his speech to the jury. He declared that all the senators who were witnesses were federal office holders, adding: "They must have known that Gore's nature had such inclinations and must have known that was his reputation in Washington."

Mrs. Bond wept silently while Giddings spoke. Gore received scores of sympathetic telegrams today.

## MAHOMET MOUNTAIN CO. STOCKHOLDERS' MEETING

A meeting of the stockholders of the Mahomet Mountain Amusement Company was held last night with Chas. A. de Lisle, Holland, the builder and originator of world's fair amusements, about fifty-five of the several hundred Santa Ana stockholders being present. Questions propounded were answered satisfactorily by Mr. Holland, and the consensus of opinion was that the outlook for the company was excellent.

A. E. Bird of this city has been chosen secretary and treasurer of the company and has also been selected to have charge of the building of the mountain.

**ROCK ISLAND PROBE ASKED**  
WASHINGTON, Feb. 17.—A resolution providing for an investigation by the Interstate Commerce Commission of the Chicago, Rock Island and Pacific railway was introduced in the House today by Green of Iowa.

## GOVERNOR TO ADDRESS HIGH SCHOOL STUDENTS OF SANTA ANA FRIDAY

Program for Visit of Hiram Johnson and His Party in This County Has Been Announced

There is every indication that Governor Hiram W. Johnson and John M. Eshleman, head of the State Railroad Commission, will speak to record breaking crowds in Orange and Santa Ana next Friday afternoon and evening at Orange at 9 p. m. and at Santa Ana at 8 p. m.

Arrangements have been made for an address by the governor to the students of the high school. This is in addition to the program previously announced for the day on which the governor and his party will be in this county. Another feature is a reception to be given at the Rossmore hotel from 5 o'clock to 8 o'clock on the evening of Friday, the twentieth.

The following announcement is made of the program:

The meeting will be called to order at 8 p. m. by S. J. Jackson, chairman of the County Central Committee, who will introduce the chairman of the meeting, M. M. Crookshank. The doors will be open at 7:15 p. m. decorated with flags and flags furnished by the occupants.

**ECONOMIC STUDENTS LEARN HOW TO WORK**  
SEATTLE, Feb. 17.—Students of the home economics department of the University of Washington are not only really going to be taught how house-keeping ought to be done, but how to do it themselves, according to an announcement just made by Professor Frederick Osborne. The right way of handling flat-irons will be illustrated and then the students will be required to prove by actual performance that they can put the theory into practice. The physics and sweeping will be explained, and then the students will have to prove with brooms in their own hands that they have understood the directions. Among many other courses there will be one in cleaning and in the bearing wall-paper has on lighting effects.

**PRESIDENT WILSON FAST RECOVERING FROM GRIP**  
WASHINGTON, Feb. 17.—President Wilson has sufficiently recovered from the gripe to be at his desk today, but his voice is husky and his face pale. He did not venture outdoors.

**MISS TARBELL TO SPEAK**  
NEW YORK, Feb. 17.—A conference on literary work, including positions with publishing houses, magazines and newspapers is scheduled for tonight at the new School of Applied Design for women, at which Miss Ida M. Tarbell will be the principal speaker. George A. Plimpton and Miss Rose Young also will speak. The meeting is to be held in connection with a series of lectures on vocational opportunities for women.

## REACHES SAN DIEGO FROM 'FRISCO

Aviator Christofferson Ends Long Flight After Many Vicissitudes

LEFT LOS ANGELES 11:30: LANDS SAN DIEGO AT 1:35

Given Ovation by Big Crowd Assembled to Meet Him After Perfect Flight

SAN DIEGO, Feb. 17.—Aviator Silas Christofferson landed at 1:35 o'clock at the exposition grounds here after making a perfect flight, landing only once at Oceanside where his engine gave slight trouble. He received an ovation from the big crowd assembled to greet him on his arrival. He announced that he will probably return to Los Angeles tomorrow.

**LANDED AT OCEANSIDE—**

**LEFT LOS ANGELES, 11:30**  
LOS ANGELES, Feb. 17.—After taking aboard oil and gasoline, Aviator Silas Christofferson ascended at Ascott Park today and started on the last leg of his San Francisco-San Diego flight at 11:30 o'clock. He passed over San Juan Capistrano at 12:30 at an altitude of 500 feet.

At Oceanside Christofferson landed here at 1 o'clock, but immediately resumed his flight to San Diego. He passed Delmar, fifteen miles from San Diego, at 1:15 p. m.

**OCEAN-TO-OCEAN RACE PROPOSED FOR EXPOSITION**

NEW YORK, Feb. 17.—A race across the continent instead of across the oceans for aviators is suggested for the San Francisco exposition in a letter from the International Aeronautic Society to the exposition officials, which was made public today. The letter urges that an ocean-to-ocean flight would insure a record-breaking number of entries from all over the world, and probably provide the greatest aerial event since the air was conquered.

## WAS ORDERED FROM Y.M.C.A. DORMITORY

Committed Suicide in Portland Park—Note Said Evicted Because Rent Due

PORTLAND, Ore., Feb. 17.—Ordered from a Y. M. C. A. dormitory because he could not pay his room rent, according to a note he left, John W. Leckrone, son of a prominent Tacoma doctor, swallowed carbolic acid and was found writhing in a park at daylight. Doctors said he had a chance to recover.

A note addressed to the public said the Y. M. C. A. had refused him a few days' extension of time on his room rent, although he had prospective employment. He said others have been ordered from the dormitory. The note concluded: "Although it makes no difference to me, I thought the Y. M. C. A. was to help young men. They are like all the rest, after the money."

**BIG DOG SHOW OPENS**

BOSTON, Feb. 17.—More than a thousand of the most valuable dogs of the country were on exhibit at Mechanics Hall today in the Third Annual All-Breed Show of the Eastern Dog Club. Members of the Ladies' Kennel Association of Massachusetts were most active in the management of the show and offered prizes for numerous classes. American beauty prizes of \$250 and \$100, the Kennel club of Philadelphia medal, the New-castle cup and the annual trophy for foxhounds are among the prizes offered. Clubs of New England, Canada, New York, Long Island and Western states are among the competitors.

**BROCK WILL FIGHT E. MURPHY TONIGHT**

CANTON, O., Feb. 17.—Eddie Murphy of Boston is expected to give Phil Brock of Cleveland the fight of his life when the men meet tonight for the scheduled twelve-round go.

## IN THE JUSTICE COURT

FINDS CONNELL  
NOT GUILTY  
OF IT

According to Most of Testimony He Had Twenty-three Ducks

CLUB KEEPER ONLY  
OPPOSING WITNESS

Bowen Said Ducks Picked Up by Connell Were All Bowen's

That M. J. Connell, state fish and game commissioner, did not kill over twenty-five ducks on Feb. 8, 1913, was the verdict of Justice Cox yesterday afternoon after hearing the evidence in the case against the sportsman.

There was one witness who said that Connell killed five or six ducks over the limit, and two who declared positively that he killed only twenty-three and another who corroborated the testimony of the other witnesses for the defense that the justice could not do otherwise than dismiss the case.

Deputy District Attorney Koepsel said that had J. H. Merritt, the game club keeper who swore to the complaint against Connell told the same story when the complaint was issued as he did when he went on the stand yesterday, the case would never have been brought.

Merritt, keeper of the San Joaquin

Gun Club, was the only witness for the prosecution. He said that Connell occupied room No. 4, and Judge W. M. Bowen, also of Los Angeles, had another blind fifty rods away. He said that when F. B. Wilson went to gather up Connell's ducks there were twenty-five and five or six left floating on the water. Later Merritt saw Connell gather these up and add them to Judge Bowen's bag.

Wilson, who acted as Connell's boatman that day, but who ordinarily is Connell's chauffeur, testified positively that he got all the ducks there were about Connell's blind, and got only twenty-three. Connell then quit shooting. Merritt was then sent to Judge Bowen's blind and brought him to the one that Connell had occupied. Later, Connell and Wilson went after the judge, and gathered up his birds for him.

Connell went on the stand and told his story, corroborating Wilson's. Judge Bowen testified that when he went to No. 4 there was not a single duck floating around. He killed every duck later picked up by Connell and Wilson, and had sixteen all told. Connell was represented by Judge Bowen and Attorney Forgy.

Connell's arrest followed the testimony given by Merritt in the trial of A. H. Hayes of Los Angeles, who was convicted of killing over twenty-five ducks, and was fined \$200. Connell's arrest created widespread interest on account of his position on the fish and game commission. Connell is naturally much pleased over the result of the trial.

**Black Eye vs. \$5**  
Ray Hall has been driving an auto stage between Santa Ana and Orange. Ray Clary met him, punched him and went away winner in the fight. Hall had Clary arrested for battery, exhibiting a black eye as evidence of having been battered. It developed that Clary took offense at something that a girl said that Hall had said to her. Justice Cox fined Clary \$5.

**Charges Cruelty**  
Today G. A. Whidden, secretary of the Society for the Prevention of Cruelty to Animals, swore to a complaint charging R. V. Durfee with cruelty to animals. It is charged that Durfee overdrove and overloaded a team belonging to S. Pardeas.

## BOARD OF SUPERVISORS

INTERPRETER  
DRAWS MONEY

District Attorney Finds that Law Allows Deputy Additional Fee

Chaffee Resigns as County Farmer and Clement is Appointed

This morning District Attorney West gave an opinion to the Board of Supervisors that resulted in Under Sheriff George C. Law drawing about \$250 in fees for interpreting in the local courts. The warrants cover a period of six months.

Up to last August Law was paid by the sheriff a salary as deputy sheriff. Under the new county government act, the under sheriff was put on a salary of \$100 paid by the county. Until that time there was no question but that Law was entitled to receive \$3 a day when engaged in interpreting in the local courts. After he went on a regular salary the question arose as to whether or not he could receive fees for his work in the use of the Spanish tongue. Law put in his demands, and they were held up. Today District Attorney West decided that the demands were legal charges, that interpreting is not one of the duties imposed upon a deputy sheriff, that his work as interpreter was done as a private citizen, just as if he did manual labor while a deputy.

The result of the opinion was that Law was handed warrants for the last six months interpreting. These warrants total \$249.

**Let a Contract.**  
Robertson & Packard of Santa Ana were awarded the contract for electric fixtures for the county hospital. Their bid was \$412.

**Chaffee Out, Clement In**  
This morning A. E. Chaffee resigned as superintendent of the county farm at West Orange, and his resignation was accepted. George W. Clement of Buero was appointed to fill the position. Chaffee's resignation is to take effect on March 1.

**A New Justice**  
W. R. McAllep having resigned as justice of the peace at Los Alamitos, Roy G. Parker was appointed to fill the place. McAllep has moved out of the county.

**Wants More Help**  
County Recorder Peters stated to the supervisors that the last county government act does not provide sufficient help for his office. He said that there is more work to be done than he and his deputies can do. He asked the county to furnish him with additional help. The matter was referred to the district attorney, the supervisors leaving it to that officer to say whether or not under the law any help can be given Peters.

**Leave of Absence**  
A sixty day leave of absence was granted Sheriff Rudbeck, who is to bring Herbert Dyer back from Calgary, Can.

**Licensed to Wed**

## IN SANTA ANA

The Evidence is Supplied by Local Testimony

If the reader wants stronger proof than the following statement and experience of a resident of Santa Ana, what can it be?

F. L. Sexton, retired farmer, 1129 W. Second St., Santa Ana, Cal., says: "Off and on I was troubled by a dull pain in the small of my back. I thought the complaint was due to disordered kidneys. When I saw Doan's Kidney Pills recommended I tried them. I soon got relief. Another of my family has also had fine results from Doan's Kidney Pills. They relieved her of backache just as quickly as they did me. I haven't had any need of Doan's Kidney Pills since I first used them. I am eighty-four years old and have never had any serious illness. I have recommended Doan's Kidney Pills to a great many old soldiers whom I have heard complain of backache and kidney trouble. Many have used them on my recommendation. I take pleasure in confirming the public endorsement I gave Doan's Kidney Pills several years ago."

## WEALTH OF HAIR

Parisian Sage Makes Thin, Lifeless Hair Soft and Abundant

Beautiful hair, fluffy, lustrous, abundant and free from dandruff, is one of woman's greatest charms—it's her main delight—yet so many of the fair sex have streaked, thin and lifeless hair, and think there is no remedy. Beautiful hair is largely a matter of attention. Parisian Sage frequently applied and well rubbed into the scalp works wonders. Try it today, and you will be surprised with the result—not only will the hair become abundant, soft, fluffy, radiant with life, but really doubly beautiful.

Parisian Sage supplies hair and scalp needs. It surely removes dandruff with one application, stops itching head and cleanses the hair of all dirt and excessive oil.

All drug and toilet counters sell Parisian Sage in fifty cent bottles. Look for the trade mark—"The Girl with the Auburn Hair." Try at least one bottle from Rowley Drug Co. This store will refund the money if you are not satisfied.—Advertisement.

AT THE COURTHOUSE  
SECOND TIME SUIT  
FOR DAMAGES BEGUN

Today an action that was started several months ago got a new start. In the first action Josephine Pleticha sued G. W. Moore of Westminster for \$2,000 damages because she was run down on South Main street and injured by Moore's automobile. The case was thrown out because under the California law in legal proceedings of that kind the husband must be joined with the wife as a plaintiff. In the action brought today by Attorney C. H. Stanley, Frank Pleticha, the husband, is also a plaintiff.

**WOMAN ON TRIAL FOR MURDER**  
BUFFALO, Feb. 16.—Charged with the murder of her husband, and accused by the police of attempting to feed arsenic to her children, one of whom, a little girl, died of a peculiar illness since the mother's arrest, Mrs. William Buffum today went to trial here. Her alleged lover, Ernest Frahm is accused of complicity in connection with Buffum's death. Two sons of the accused woman, who are said to have received arsenic poisonably in their food, were in court today besides their mother. Both declared today they were certain their mother will be acquitted speedily.

## CITY TRUSTEES

CITY WANTS TO BE SHOWN  
BEFORE IT ADOPTS COUNTY  
HIGHWAY PAVING ON FIFTHENGINEERS SAY THAT  
WEARING SURFACE IS  
LIABLE TO PEEL OFF

County Pays for Work by Gal-  
lon and Ton, So Contractor  
Gains Nothing

This morning one of the pieces of wearing surface shown to the City Trustees last night was shown to Engineers Halladay and Stearns of the Highway Commission.

As to the thickness of the sample, the engineers said that the county pays for placing the wearing surface at so much per ton for the rock, so that the county gets just what it pays for, whether the surface be one-fourth of an inch thick or three-fourths of an inch thick.

The engineers have been experimenting with wearing surfaces of varying thickness. On the Orange-Tustin road some of it is three-fourths of an inch thick.

State and county engineers have had difficulty in making the wearing surface stick to the concrete owing to the fact that a lime sweats from the concrete and prevents perfect adhesion. The piece shown today from west Fifth showed that there had been no adhesion.

"Wearing surface laid now will require attention as soon as hot weather comes," said Halladay. "We now mix the oil and screenings to make a cohesive mass. When heated the oil will exude and will have to be added. If sand is not added, as it will have to be added to practically all of the wearing surface we have as yet put down, the oil will be sticky, and sticking to wheels of wagons and automobiles, the wearing surface will pick up in patches. The only way to prevent the wearing surface from picking up will be to keep the surface properly sanded."

"The question of the adhesion of the wearing surface to the concrete has been quite a serious problem. The state engineers are recommending the advisability of using the concrete base for several weeks or months before laying the wearing surface on the theory that the use of the concrete by the public will wear off the lime substance and allow better adhesion."

ing been considerable complaint that the pressure might not always be what it ought to be. Grubb said one faucet showed fifty pounds pressure and another forty-five, and he thought that enough for any faucet. McPhee said that yesterday another delegation had visited the street, and had decided to have three additional tie-ins installed in order to leave no doubt as to the pressure being ample.

Engineer Finley was instructed to build an auto shed at the rear of the city hall to cost about \$80. It was reported that the cost of the footbridge on North Main across the Santiago was \$216.85.

The ordinance fixing the gas rate at seventy-five cents was passed. A representative of the German Lutheran Trinity church at Sixth and Brown stated that crosswalks had not yet been put in as promised. The matter was referred to the street superintendent.

Same Old Story  
G. W. Smith complained that Sewer Superintendent Reid watched him pretty close but didn't watch Frames, a competitor in laying sewers.

Reid stated that Frames does not report his jobs for inspection.

Frames stated that his permits are all on file, and it was up to the sewer superintendent to know it. He said he does not notify the superintendent. He said Reid said his method was all right.

Reid said that after the last "shock" on this same subject Frames notified him for about a week, but quit the notification procedure after that.

Grubb said the street department has had a lot of trouble fixing streets after the sewer contractors do their work. Frames said Smith does all the complaining.

Alderman said citizens have been doing the complaining, and he moved that Frames be required to notify Reid for inspection of all sewer connection jobs, and if he does not do so, his license be revoked. This motion was changed to include all sewer contractors, and connections not to be made until inspected.

Want Sewers  
Property owners on Flower street between Myrtle and Pine and on Chestnut between Flower and Baker asked that sewers be laid on those streets. Grubb said that the method used on Santa Clara and other streets was for the property owner to pay for the pipe, the city doing the work.

McPhee said those who want the sewer are in the minority on frontage, as most of the owners are non-residents, and cannot buy the pipe. Grubb contended that the rule of payment for pipe should be followed, as it had been enforced on all other petitions.

"I oppose making one man pay for it, and giving it to another," said he. "We made Sycamore, Buffalo and other streets pay."

"Because we worked a bluff on some of them is no reason we should now," said McPhee. "Those people down there are in the old sewer district, and ought to have this sewer. The conditions are different owing to the fact that many owners on the streets are non-residents."

The matter was referred to Alderman, Greenleaf, Grubb and Reid.

The petition for paving East Washington from Main street to Santa Fe railroad was reported to have fifty-five per cent of the frontage signed. The city attorney and engineer were instructed to proceed under the Vrooman Act.

Do Not Want It  
Property owners around the block bounded by Sycamore, Broadway, First and Second streets protested against the use of the block as a place for a pavement mixing plant. Twenty-five signed the remonstrance.

The new paver, Crandall, is putting up the plant. Mr. Reid said the old Fairchild-Gilmore-Wilton Co. had been a great nuisance, and now comes another.

McPhee moved that the proposed plant be declared a nuisance and be not allowed to be established there.

Alderman said the block had been almost a garbage dump ever since he had been on the board. He said the way horses had been kept there constituted a nuisance. He favored a general clean-up of that block.

Engineer Finley said Crandall had already changed his site to a place below the high school.

McPhee's motion carried then as a protective measure.

A permit was granted to lay a pipe line across Depot and Washington.

McPhee favored putting five lights on Highland street, west of Flower. These and other lights asked for were referred to the lighting committee.

tee. Three lights on Lincoln street, one on the east end of Twentieth, one on West Seventeenth and one on Baker were included.

The sewer was ordered extended on Santa Clara to Lincoln, property owners having put up \$40 to pay for pipe. Poolroom Permit

Greenleaf reported in favor of granting a poolroom license to G. E. Dean in the 900 block on East Fourth street. The permit was issued, McPhee voting no.

Grubb stated that hereafter permits should be given for moving buildings over paved streets, as some damage has been done on North Broadway by a traction engine. On Alderman's suggestion, an order was made that a permit be issued only when the paved street is planked and rollers used.

It seems that the city marshal received a check for \$75 from the late N. A. Ulm as license fee for the Grand Opera House. The check was an Orange County Mutual Building & Loan Association check. F. W. Mansur, in charge of the association, demanded the return of the money from the city. The city attorney stated last night that the city, in his opinion, need not return the money.

Mayor E. suggested collecting damages from the automobilist whose machine broke off a fire plug at Sixth and Main recently. Grubb said he thought it was an unavoidable accident, but on his motion a committee, Heathman, Alderman, Grubb and McPhee was appointed to investigate.

Roller Skating  
Ey said there had been much complaint against roller skating by children on sidewalks. Grubb declared children should have some freedom, and he thought it a small thing to quarrel with them over that matter.

McPhee said he thought the children should not be allowed to skate on Fourth between French and Ross or on Main between Fifth and Third, but other places he said let them skate. McPhee's suggestion was put into a motion and carried. The skating in that section is prohibited on the street paving also.

Alderman said Vrooman Act proceedings should be used to compel all property owners to put in sidewalks and curbs where requested and where requests have not been complied with. The city engineer will furnish the list of work desired.

Grubb said that some broken sidewalks on North Main street will be repaired soon.

To Flush Gutters  
City Health Officer Clark reported that the ordinance prohibiting spitting on sidewalks is violated constantly, especially near Fourth and Main. He said that hereafter such concerns as the show recently at Third and Bush should be made to comply with health regulations. On his recommendation, the trustees ordered all gutters on Fourth between Ross and French flushed three times a week.

Building Inspector Finley reported that he had inspected the theaters and found them in good condition for safety so far as the class and age of the buildings will reasonably permit. The school buildings are nearly all equipped with positive bolts instead of fasteners yielding to pressure.

The churches were found in proper condition. The Rossmore and Richelieu hotels should have signs showing the location of fire escapes. The Richelieu needs an additional fire escape from the third floor on the east side. He said most of the fire escapes are the old style and difficult to use. Finley's recommendations were ordered adopted.

DRINK MORE WATER  
IF KIDNEYS BOTHER

Eat Less Meat and Take Salts  
for Backache or Bladder  
Trouble

Uric acid in meat excites the kidneys, they become overworked; get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush off the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad.

Eat less meat, drink lots of water; also get from any pharmacist four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then be fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity, also to neutralize the acids in urine, so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive, cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active. Druggists here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.—Advertisement.

## "Faultless" Houdans

This strain has been egg-bred from trapnest records since April, 1890. I have bred them 21 years for great layers and 12 years for large size chalk-white eggs; these fowls are extremely hardy, have neither comb nor wattle to freeze, and are the best of all winter layers in open front coops. Faultless strain Houdans have won every blue ribbon at New York, Boston, Chicago and Philadelphia shows for past six years; eggs and stock sold on honor; send 10c for the largest illustrated poultry catalogue ever issued; it tells you how to breed these fowls, which average 250 eggs a year apiece; it tells you how to get \$3,000 a year from 100 hens. REBEKAH LODGE  
HELD INITIATION

(By Staff Correspondent)

ORANGE, Feb. 17.—Ruby Rebekah Lodge of this city held initiatory exercises last evening at the Odd Fellows' hall. Two candidates, Mr. and Mrs. W. D. Poterkin, were received into full membership.

A splendid banquet of tamales, cold salad, pickles, rolls and coffee was served after the ceremonials. A large crowd was out to the event and a good time is reported.

Mrs. Frances Baldwin of Los Angeles is spending a few days with Mrs. R. Cameron and Mrs. H. F. Dalrymple on North Orange street.

Mr. and Mrs. L. C. Gates welcomed a ten-pound daughter to their home this morning.

D. P. Crawford and his daughter, Mrs. H. A. Broom left this morning for a short visit with C. B. Crawford and Mrs. J. W. Morgan at Buttonwillow. Mr. Crawford will also visit his sister, Mrs. Jennie Buffam, at Cambria.

Mr. and Mrs. H. F. Dalrymple returned from Long Beach yesterday morning, where they have been visiting since Saturday.

The Orange basketball team was defeated in Los Angeles last evening by the Los Angeles Athletic Club team. The score was 46 to 12.

Mr. and Mrs. Henry Hack of Los Angeles motored to this city Saturday afternoon for a visit with the former's sister, Mrs. George E. Osman, on North Glassell street.

H. W. Markham of Seattle, Wash., is making a brief visit with local friends while on his way to his old home in Fort Dodge, Iowa.

### THE DIFFERENCE BETWEEN STOCKS AND BONDS

During recent years an enormous share of the savings made by people of quite moderate means has been invested in stocks that are, to put it very mildly, more or less speculative. Many people never grasp the difference between bonds and stocks. If a security bears the name of some prominent corporation, they do not ask how their interest stands related to that of other investors.

The collapse of such securities as the New Haven and Boston and Maine railroads must lead many small investors to greater caution. They should reflect that when they buy a stock they merely buy a share of the profits after all expenses and debts are paid. If this narrow margin is wiped out they not merely lose the dividend but the price of the stock falls and much of their capital is gone.

But when they buy a bond they buy a prior claim against the income of the company, taking precedence of all classes of stock. The company must at maturity pay the debt in full or confess bankruptcy.

The illusive mirage of "rights" has been a golden hope that led investors into stocks. The companies had a delightful habit of assembling the children once in about so often and carving rich and juicy "melons."

Most melons nowadays turn out to be lemons. The green pastures in which the corporations used to find milk and honey are today stubborn soils. The cost of operating any kind of a plant is increasing. The public will not permit exceptional profit to public service corporations. It sometimes seems as if it was hostile to a living dividend.

So the small investor does well to cut out dim visions of "rights" and advances, and prefer definite obligations that repay dollar for dollar. It is perhaps significant of this tendency that the past few weeks has seen much strength in standard bonds.

### SOCK IT TO THE SMUGGLER

Customs examinations was once a good deal of a farce, not merely along the Canadian line, but also at New York and other highways of the illicit underworld. While collectors were smoking contemplative cigars on silky rugs in their offices, subordinates told them as much as they ought to know. Meanwhile some of the inspectors were wearing white carnations, the symbol of accessibility.

But things have changed since Hannah died. The inspection is the real thing now. It is impossible to understand how men of the experience of ex-Congressman Littauer and his brother, just sentenced for smuggling, could have so lacked business judgment as to have taken these chances.

By very devious reasoning people who were ordinarily conscientious used to excuse themselves. Some people disapproved of a protective tariff, therefore they felt justified in perjuring themselves about a question of fact. Some looked around at the honest and benevolent faces of the other liars making their declarations and found comfort in this company in falsehood. Meanwhile the successful hoodwinking of Uncle Sam created a joy not to be found in the unadventurous spoils of any bargain counter.

It is not a question of the justice or injustice of a tariff. The smuggler demands a privilege which is forbidden to his neighbor who goes to a retail store and buys silks or woolsens of a man who has paid the duty in cash, and who is compelled to charge the duty to the consumer.

The wealthy tourist returning from Europe demands to be relieved of a tax which all his home-staying neighbors must pay. Wherefore the Littauer brothers will not receive many testimonials of sympathy and confidence in their little difficulty at the custom house.

### GIVE THAT PUNY CHILD THIS GUARANTEED REMEDY

—If your child is underweight, listless, ailing, liable to get sick easily, it needs a medicine to build its weight and strength. For this purpose there is nothing else we know of that we can so strongly endorse as Rexall Olive Oil Emulsion. The remarkable success of this splendid medicine is due to the fact that it contains ingredients that tone the nerves, enrich the blood and furnish to the entire system the strength, weight and health-building substances it needs. And, it does all this without injuring the stomach. In fact, Rexall Olive Oil Emulsion is not only pleasant to take, but even the most sensitive stomach is benefited by it, and the digestion improved. On the other hand, it contains no alcohol or habit-forming drugs, which most parents object to giving their children. It does its good work by taking hold of the weakness and builds the body up to its natural strength, at the same time making it strong to resist disease.

If Rexall Olive Oil Emulsion doesn't build your child up, feed the stunted, puny muscles, and make the little one lively, strong, well, and full of the animal spirits children are meant by nature to have, come back and tell us and get your money back. We don't want you to lose a cent. We think this is no more than fair, and it leaves you no cause to hesitate. For old people also—for convalescents—for all who are nervous, tired-out, run-down, no matter what the cause—we offer Rexall Olive Oil Emulsion with the same guarantee of entire satisfaction or money back. Sold only at the 7,000 Rexall Stores, and in this town only by us. \$1.00. Mateer's Drug Store, 106 West Fourth, Santa Ana.

## THE CITRUS FRUIT INDUSTRY

Department of Service to Citrus Fruit Growers, Conducted Especially for the Register.

Copyrighted by Reginald Brinsmead.

### THE ONTARIO CONVENTION

The emergency convention held in Ontario January 30 last, called by State Horticultural Commissioner Cook for the purpose of discussing the danger of mealy bug in the citrus orchard, was well attended by representatives drawn together from all points of the citrus belt.

The result of the meeting will prove of great value to the citrus fruit industry of the state, not so much from any definite information developed with regard to the life history and best methods of checking or eradicating this pest, but rather as opening the way to a thorough investigation on the part of the state, through the state citrus experiment station, and as forcibly bringing home to all the vital necessity for eternal vigilance in guarding against the spread and ravages of orchard pests, new or old.

That the mealy bug found in the citrus orchards at Uplands—the reason for the call of the convention—on investigation has proved to be a species (pseudococcus bakewellii) which has hitherto not been found to be injurious to the citrus tree, and that the pseudococcus citri, which has done so much damage in some sections nearer the coast, was not to be found in the Uplands district, does not detract one iota from the importance of the gathering. That prevention is better than cure was once again emphasized.

As a result of the convention county horticultural commissioners throughout the state will undoubtedly enforce present laws and ordinances with regard to the movement

of plants, trees and fruits from one county to another with the utmost rigor, in fact statements have been made that all infringements of the law will be prosecuted to the full limit.

As "mighty trees from little acorns grow," so it is possible for one infested plant to spread havoc over a wide district, causing untold damage and hundreds of thousands of dollars loss. And here the note of warning which has been sounded against carrying by automobile plants and trees from one county to another is most timely; the urgency and importance of fully complying with the letter of the law, by having such shipments reported to the horticultural commissioner and inspected within 24 hours, cannot be overestimated. Failure to do this not only lays the owner open to the confiscation of his property, but can also lead to heavy fine and even imprisonment. California laws are very stringent in this respect, and on their full enforcement depends in large degree the success of fruit growing in this state.

The pseudococcus citri, or true citrus mealy bug, has not been found at Uplands; but the attention which has been focused upon it will do much to prevent its wider spread, and will undoubtedly lead to the discovery of efficient means of checking and eradicating. It has not yet found lodgment in the important citrus districts of Riverside and San Bernardino counties; in fact sections situated away from the coast have generally been found free from it.

## Lincoln and Progressivism

Governor Johnson's Great Lincoln Day Speech in Temple Auditorium, Los Angeles.

(Continued From Yesterday.)

What has been said concerning the formation of a new party ought to be self-evident. Were it said regarding any ordinary enterprise it would be so obvious that its assertion would be deemed superfluous. Blind partisanship, unthinking worship of a party fetish, give us a different mode of thought, at war both with reason and logic. But even here, we are emerging from darkness. Not so long ago we elected our mayors and city officials on partisan tickets; now all our municipal elections are non-partisan. We have always hitherto chosen our county officers by nominations of political parties. This year our county officials, thanks to Progressivism, will be elected without political designation and in non-partisan fashion. Formerly our judges for our highest court were elected from strict party tickets. Now Progressives have made judicial and school elections wholly without partisanship. Gradual has been the development. First no politics in city elections, then none in county elections, then none in the state elections of judicial officers, and next year if Progressives are in command we may hope to elect all state officials upon the merits of the individual candidates rather than upon fealty to party tradition.

And this is as it should be, and is the end toward which we are striving. If the arguments that are made by our reactionary friends are good, none of this non-partisanship in electing our public servants is sound doctrine; but who would wish again to elect city clerks and police chiefs and mayors upon the traditions of the Republican or Democratic parties?

And so with changed times have come differing views. We neither abuse nor chide those who follow tradition or any particular political party. We go our way as we see the light to do those things which advance and prosper our country and make life a little better and a little happier for its men, and its women, and its children. To the achievement of higher and better things, to the adding of a mite to the happiness of humanity, we invite all the men and women of California and we care not what their political predilections have been in the past, nor what their partisanship shall be in the future. We feel as Mr. Lincoln said in one of his annual messages to Congress, "The dogmas of the quiet past are inadequate to the stormy present. The occasion is piled high with difficulty and we must rise with the occasion. As our case is new so we must think anew and act anew."

Progressives would arouse all who are living in the past or acting in a bygone age, or voting from habit or

tradition to the glorious work of carrying to final fruition. In the wondrous Empire of the West, all that for which Abraham Lincoln struggled and died.

And how have we of California kept the faith of Lincoln, the Progressive? Have we, with his fine optimism in the ultimate honesty and righteousness of the people, brought our government, as he would have it, close to our people, and have we made in the age-long

## WOMEN FROM 45 to 55 TESTIFY

To the Merit of Lydia E. Pinkham's Vegetable Compound during Change of Life.

Westbrook, Me. — "I was passing through the Change of Life and had pains in my back and side and was so weak I could hardly do my housework. I have taken Lydia E. Pinkham's Vegetable Compound and it has done me a lot of good. I will recommend your medicine to my friends and give you permission to publish my testimonial."

—Mrs. LAWRENCE MARTIN, 12 King St., Westbrook, Maine.

Manston, Wis. — "At the Change of Life I suffered with pains in my back and loins until I could not stand. I also had night-sweats so that the sheets would be wet. I tried other medicine but got no relief. After taking one bottle of Lydia E. Pinkham's Vegetable Compound I began to improve and I continued its use for six months. The pains left me, the night-sweats and hot flashes grew less, and in one year I was a different woman. I know I have to thank you for my continued good health ever since."

—Mrs. M. J. BROWNELL, Manston, Wis.

The success of Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, is unparalleled in such cases. If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman, and held in strict confidence.

struggle of right and wrong, the cause of common humanity our cause? Let the record speak.

Progressives took a government which had been merely a part of a stupendous corporation and its political machine and gave it back to the people. Every political reform by which the government might be maintained by the people themselves was enacted into law. The direct primary was remodeled and made more accessible to all. Election of United States senators by direct vote was in fact accomplished. The Presidential Preference Primary Law was given, and that the people might for all time rule both in the matter of making laws and in the control of their officials, Progressives adopted the initiative, referendum and recall. Progressives gave to the state equal suffrage. Wherever special privilege tainted the service of the state, at once that special privilege was removed. By the Railroad Commission and Public Utilities acts, the great railroad corporation so long master was made like every other public utility in the state, servant and suitor. The favored bidders for the business of the state who made profit from political service, by the Board of Control, were forced to stand upon an equality with all other business houses, and the business of the state, for the first time in its history, was placed upon a business basis. The legislature that had been the mere sport of political bosses in the past, directed by the great corporate master from San Francisco, became in reality a law-making body of the state with purity of purpose and high resolve.

The Civil Service of the state was placed upon a merit system and by the most drastic civil service law in all the nation has been put beyond the control of politics. Vain vapors and flamboyant rhetoric about bossism are the present mendacious mutterings of disgruntled and disreputable politicians. For the first time in the history of the state of California, Progressives agitated and Progressives passed and Progressives are justly and firmly administering a civil service law in the state of California, and those administering the law are beyond the power of executive removal, that removal being reserved to the legislature itself.

There is no known governmental agency by which the people may be protected and their liberties preserved that progressivism has not given to the people of the state of California, and if the people of the state of California in the future, with direct primaries, presidential preference primary, the initiative, referendum and the recall and administration honestly of a drastic civil service law are unable to govern themselves as they see fit, the fault rests only with the people themselves. So far as political action could take the government back to the people, Progressives have done their part.

Just as advanced as has been progressive legislation in the matter of political reform has been our progress in the amelioration of the conditions of men and women and of children. Progressives have amplified the child labor laws of the state until today practically there is no child labor in California. The Tenement House Act has been remodeled and rendered effective. No longer can employment agencies practice fraud upon the poverty-stricken who are seeking work. Blacklisting is now prohibited. Trains that formerly had insufficient employees and endangered life and property, must carry full crews in accordance with the law. Hours of labor of trainmen have been limited. Medical appliances for emergencies in factories required. Payment of wages of those engaged in seasonal occupations are rendered secure and debts contracted for liquor and in gambling are eliminated. Protection for workmen engaged in construction is guaranteed. Women required to toil are limited in their hours of employment to eight, and a Minimum Wage Com-

mission has been established for the purpose of inquiring into whether or not women whom dire necessity has driven to work receive a living wage, and the state has undertaken after due inquiry and investigation to provide this living wage. From the prisons have been removed every taint of possible cruelty, and in these prisons have been created industrial pursuits that may make the convicts of the state, when they have expiated their crimes, again fit for citizenship. A wise progressivism in its endeavor to prevent the congestion of population and the evils that come from unrestricted and unregulated immigration, has established the Immigration and Housing Commission, with ample powers for the protection of the immigrant. The schools of the state have been rendered free in fact, and free text books are now furnished to our pupils. A Blue Sky law for the protection of the unwary from exploitation by the dishonest promoter was passed and the story of its suspension by referendum is familiar to all of Los Angeles. A separate Training School for delinquent girls, with a Board of Woman Managers has been established in the hope that reclamation of these girls may find its realization. (To Be Continued Tomorrow.)

### OLD-TIME COLD CURE— DRINK HOT TEA!

Get a small package of Hamburg Brest Tea, or as the German folks call it, "Hamburger Brust Tee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus breaking up a cold.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

### RUB RHEUMATISM FROM STIFF, ACHING JOINTS

Rub Soreness from joints and muscles with a small trial bottle of old St. Jacobs Oil

Stop "dosing" Rheumatism. It's pain only; not one case in fifty requires internal treatment. Rub soothing, penetrating "St. Jacobs Oil" right on the "tender spot," and by the time you say Jack Robinson—out comes the rheumatic pain. "St. Jacobs Oil" is a harmless rheumatism cure which never disappoints and doesn't burn the skin. It takes pain, soreness and stiffness from aching joints, muscles and bones; stops sciatica, lumbago, backache, neuralgia. Limber up! Get a 25 cent bottle of old-time, honest "St. Jacobs Oil" from any drug store, and in a moment you'll be free from pains, aches and stiffness. Don't suffer! Rub rheumatism away.

## STUDIED EARLY HISTORY

Travellers, No. 1, Assembled at Home of Mrs. George S. Smith Yesterday.

One of the most interesting meetings of Ebell Travelers, section two, was held yesterday afternoon at the attractive home of Mrs. George S. Smith, 916 French street. The home was delightfully adorned with ferns throughout, and in the library where the travellers assembled for study, lovely orchids mingled with the ferns.

The study period was devoted to the period when the shadow of slavery was looming big, and when this country was in the throes of the Mexican war. The ladies of this club are finding the study of the consecutive history periods of the United States to be deeply interesting.

Following the study hour, the meeting was resolved into a social one, and while conversation progressed, the hostess served elaborate refreshments. Those enjoying the afternoon were Meses. L. J. Carden, H. C. Dawes, C. S. Kendall, Stephen Ross, L. E. Shaw, W. M. Smart, E. B. Smith, T. E. Stephenson, Alice Tubbs, I. W. Van Cleave, J. P. Baumgartner, and Miss Mary Coffer.

## Home Mission Meeting

A pleasant program has been arranged for the meeting of the Woman's Home Mission Society of the First Congregational church to be held tomorrow afternoon at the home of Mrs. C. F. Crose, 301 Cypress avenue. The program will be on home missions and will be in charge of Mrs. Prince L. Tople, Fred Staff, J. P. Baumgartner, Emory Ratcliffe, Miss Carol Van Cleave will render a piano solo, and Messrs. Maurice Phillips and R. C. Rowland will give vocal selections. All ladies of the church and others interested are invited to attend this meeting.

## Entertained Class

Mrs. E. L. Warner was hostess last Saturday to her Sunday school girls of the P. B. A. G. Class of the First Methodist church. After a short time at the Warner home, the teacher and her class proceeded to pretty Birch Park, where a happy hour of games was enjoyed. They then returned to the house, which was prettily decorated with red carnations and Cupids for the occasion, and more fun was in store for them. Ice cream decked with hearts, angel cake and heart-shaped candy were served after the various amusements were ended. There were about thirteen girls to enjoy Mrs. Warner's hospitality.

## Birch Park Picnic

The "We Girls" class of the First Methodist church had a successful picnic in Birch Park last Saturday, a bountiful picnic dinner being one of the important elements of success. A good time altogether was had by the teacher, Miss Virginia Johnson and her girls. The members of the class present were Meses. Lela Johnson, Mary Geyer, Thelma Robertson, Marian Baker, Jessie Fowler, Ruth Wickert, Helen Allen, Hazel Morrison, Mildred Ranney, Glenna Jean Hill, Mirle Wilson, Miss Cora Winters was a guest of the class.

## On St. Valentine's Day

The afternoon of St. Valentine's Day was a happy one for a group of young girls invited by Mrs. W. L. Deimling to meet Miss Ida Belle Price of San Diego, who is in Santa Ana to attend school. The Deimling apartment were gay with valentine decorations, and the valentine idea was carried out in the place cards used when the dainty refreshments were served. The girls serving were Persana Deimling and Mary Grubb. Music and games caused the hours to speed by all too swiftly for the merry maidens.

Those asked to meet Miss Price were Louise Grubb, Greba Scott, Norma Wingood, Marie Briggs, Laura Davis, Jewell Hickox, Marguerite Adford, Loraine Roberts, Stella Hupp, Grace Gebhard and Helen Carden.

## At Home of Mrs. Burns.

Travel Section No. 2, Ebell Club, met yesterday afternoon with Mrs. C. W. Burns. The club was called to order by the chairman, Mrs. C. E. French, and roll call was responded to with current events.

Mrs. A. L. Dearing read a paper on the animals of South America, and Mrs. Peter C. Wedell gave an account of the Republic of Ecuador. Mrs. Burns assisted by her daughter, Mrs. Joseph Head, and Miss Mary Talbott, served delicious refreshments.

## CRYSTAL WEDDING

Fifteen Years of Married Life Happily Celebrated at W. C. Hoefer Home

The fifteenth wedding anniversary of Mr. and Mrs. Wm. C. Hoefer, 2219 Grand avenue, was happily celebrated last night at their home by an elaborate five-course dinner and a merry assemblage of fifty-five people.

Appropriate for the crystal event were the decorations. Crystal portieres were hung in the doors of the living room and white tulle streamers extended from the chandelier in the dining room to the corners of the table, ending in bows. Tulle bows decked the crystal candelabra and the big bridal cake in the center of the table was in crystal white surmounted by a confectionery horse-shoe on which perched a snowy dove. The ices were covered with simulated ice crystals and all the refreshments were in white.

The ceremony of 15 years ago was repeated by Rev. Geo. Huser, the bride being attired in a handsome white crepe voile, ribbon-trimmed. Many elegant cut-glass gifts were received.

A delightful evening was spent with various diversions and several piano and violin duets were played by Clarence and Rosie Hoefer, son and daughter of the honorees.

Those present were Madam C. Hoefer, mother of the bridegroom; Mr. and Mrs. J. Michelson, parents of the bride; Messrs. and Mesdames Phil G. and J. Lutz, H. and F. and J. Rohrs, S. S. Vogt, F. Heiser, E. Miller; Rev. and Mrs. George Huser; Mrs. Emma Roberts; Meses Martha Schildmeyer, Wilfred, Emma and Edna Michelson of Santa Ana; Minnie Bohlmer; Mr. and Mrs. Albert Steadman, Pasadena; Mr. and Mrs. Arthur Hoefer, Tustin; Miss Mrs. Michelson, Los Angeles; Mr. and Mrs. William Waters, Matton, Ill.; Mr. and Mrs. C. Andre, Garden Grove; Mr. and Mrs. V. Stutheit, Villa Park; Mr. and Mrs. Albert Graham, Anaheim; Mr. and Mrs. Sam Keuchel of Orange.

## He Enjoyed Santa Ana

R. J. Price, a substantial farmer and well-known citizen of North Dakota, is enjoying a brief business visit to Santa Ana. While visiting at the home of Harper Rogers of South Sycamore street he unexpectedly met the T. M. Pearson family of Willets street, and Mrs. J. Wiley Harris, old-time acquaintances and friends, formerly of Eastern Canada. During his stay he has been shown the beauties and resources of the city and the surrounding country by Mr. Rogers and Mr. Harris, and although he had heard much of this southland before coming, he pronounces the actual seeing of the charming valley a revelation. Coming from a temperature of forty degrees below zero to a climate bordering almost on summer, within the space of a few days, is a transition which he says must be experienced to be appreciated.

Mr. Price left for Los Angeles today, where he will visit old friends for a few days before returning to his northern home.

## Picnicked at Laguna

Dr. and Mrs. O. E. O. Henshell of Osborn, Kansas, who are the house guests of Mr. and Mrs. D. F. Bartlett of 1804 North Broadway, were the honored guests of a party of about twenty people that spent last Sunday at Laguna Beach. The Henshells and Bartletts are old friends, formerly living in neighboring towns in Kansas, and they both have a number of old acquaintances in this vicinity. Among these are Ed. Frank and Sam Hahn of Orange. These, with their families and Mrs. Florence Seidel joined the Bartletts and Henshells in the Laguna picnic. The day was lovely and every phase of the picnic trip was enjoyable. The Kansas people particularly enjoyed the ride to lovely Laguna and the picnic dinner on the sandy beach. The trip was made by automobiles. The Henshells have been spending the winter in San Diego, and motored up from the southern bay city last week, traveling via Elsinore and Riverside. After a visit of a day or two more in Santa Ana and Orange, they will go to Long Beach, where they will spend the remainder of the season. They are so delighted with Southern California that they may return here to reside after the near graduation of their son from a medical college in the east, and of their daughter from the University of Kansas. Their friends here are hoping for their return for a permanent stay.

Consult Dr. Enoch's Sunset phone 42.

## DELIGHTFUL SURPRISE

Mr. and Mrs. Max Reinhaus Honored by Handsome Souvenirs for Silver Wedding

After Hermosa Chapter, O. E. S., had adjourned its regular session last night, the Chapter surprised Mr. and Mrs. Reinhaus with a presentation of a handsome gold cream and sugar set and a set of solid silver teaspoons in honor of their twenty-fifth wedding anniversary, which recently took place. The presentation speech was happily made by Prince L. Tople on behalf of the chapter.

Two hundred people were present at the happy affair, which was opened by the playing of the wedding march by Mrs. A. J. Padgham. As its strains began Miss Martha Whitson and Arthur Pease escorted Mr. and Mrs. Reinhaus to the east of the Masonic auditorium, where they were met by Mrs. George Balderston, who presented Mrs. Reinhaus with a lovely bouquet and Mr. Reinhaus with a bonnetiere, making a felicitous speech as she did so. Winkler then sang charmingly after which Stanley Reinhaus, son of the bride and groom made a clever and witty address. Mrs. O. M. Robbins also spoke briefly, a piano solo was played by Mrs. Worden, Mrs. H. Clay Kellogg recited, and F. C. Rowland sang.

Adjournment was then made to the banquet hall where delectable ice cream and cake were served, and where Mr. and Mrs. Reinhaus were the center of congratulations. The entire affair was a complete and delightful surprise to them.

## Surprise Party

Estel Boehme was the honoree of a party given Saturday night at the home of C. E. Rees on Second street, Miss Hazel Rees being the hostess. The affair was a surprise to Mr. Boehme and right merrily did the evening pass with a series of jolly games. Delicious ice cream and cake were served. The house was appropriately decorated for St. Valentine's day, red hearts swinging from ropes of red crepe paper extending from the chandeliers to the four corners of the room.

Those present were Meses. Reita Buym, Ethel Morrow, Stella Titchel, Lela Young, Gladys Trigg, Golda Johnson, Minnie Peer and Hazel Rees; Messrs. Estel Boehme, Earl Murphy, Adle Gordon, Bertram Chittenden, Tommie Daniels, Edson Hendrickson and Wayne Boehme.

## Chapter to Meet

Emma Sanction Chapter, United Daughters of the Confederacy, will meet with Mrs. T. W. Purdon, 1546 North Broadway, on next Thursday, February 19. All members are asked to be present. A good social time is expected and there will be some business to be attended to.

## F. A. A. Mardi-Gras Social

One of the social events of this week will be the Mardi-Gras Social given by the Fraternal Aid Association on Wednesday evening. Everybody will mask. Members are privileged to give invitations to all their friends. Dancing will be part of the program, but there will be fun and enjoyment mingling with the masquerade endeavoring to see "who is who."

## For Miss Milligan

Mrs. A. E. Kohler gave a miscellaneous shower Saturday afternoon in honor of Miss Dora Milligan, who is soon to be married to Lawrence Warner of La Habra, Cal. It was a complete surprise to Miss Dora, she having been invited to spend the afternoon with Mrs. Kohler. When she reached there, where several of her friends had already gathered, she received many lovely and useful presents.

Mrs. Kohler served refreshments of sandwiches, pickles, cake and cocoa.

## Sullivan-McDonald

A wedding taking place yesterday in Los Angeles was that of Arthur Wells Sullivan of Oxnard and Miss Ellen M. McDonald of Santa Ana. The bride is the daughter of Mr. and Mrs. M. F. McDonald of West Third street and is well known here, having been a telephone operator for the Pacific Telephone and Telegraph company for the past two years. The groom is the son of Dr. and Mrs. A. H. Sullivan of San Francisco.

The happy couple will reside at Oxnard, where Mr. Sullivan has a position with the Southern Pacific Company. The best wishes of their many friends will follow them for a long and happy life.

## For Day Nursery Tots

The Valentine season has been a happy one for the children at the Day Nursery, where Mrs. Jones, the matron, sees to it that all the holidays are made a little out of the ordinary for the children under her care. Yesterday, the day being near enough to Valentine's Day for the echoes of the merriment of that time to reach the little ones, there was a birthday celebration for small Roland Roberts, who reached his third birthday. The principal event was the dinner, served at the usual hour but made gay with decorations of red roses and a pretty birthday cake with three tiny candles adorning it. After dinner the children played games and the time seemed very merry to them.

## Personals

Mrs. M. Nasatir early this morning left for San Bernardino to attend the National Orange Show. While away she will visit friends in Colton and Redlands, and will probably be absent for a week.

Mr. and Mrs. P. G. Neville of Kermit, North Dakota, are visiting at the home of the latter's father, Mr. Alex. McGillivray of 1503 Spurgeon St., and may possibly locate in the city.

Miss Eva McGillivray of Ventura, Cal., spent Saturday and Sunday at the home of her father Mr. Alex. McGillivray of 1503 Spurgeon St.

Mr. and Mrs. P. P. Nickey have as their guests Mrs. S. A. Wells and daughter Miss Anna, of Minnesota. They were former friends of Mrs. Nickey in New York and later in Minnesota. Miss Wells is nurse in the sanitarium of the famous Mayo Brothers of Rochester, Minn. They will remain for some time in Santa Ana.

Mrs. A. J. Lawton returned last evening from a several days' visit with friends in Los Angeles. While away she heard Prof. Stark Young, the University of Texas man who is making so deep an impression on Los Angeles thinkers with his ideas for the uplift of the race. Mrs. Lawton heard him yesterday in his talk before the Ebell Club on "The Promethean Idea," and regards his talk as marvelously helpful and inspiring.

Mrs. Lawton also saw Otis Skinner in his out-of-the-ordinary play, "Kismet." She visited the Echo playground and attended a club meeting of one of the municipal clubs. Altogether her visit was full of interesting happenings, besides the pleasure of visits with her friends.

Mr. and Mrs. A. B. Cory, of Marion, Iowa, are the guests of Mr. and Mrs. D. Stambaugh, 802 Pine street. The Corys are old friends of the Stambaughs in the east, and are out here touring the state. They are much impressed with Santa Ana and vicinity, after visiting other sections of Southern California, notably Riverside and Redlands. They may decide to locate here in the future.

Mrs. W. J. Richter of Tustin avenue went to Los Angeles today to visit a friend who is about to go east, and with whom Mrs. Richter became acquainted on an overland trip while making a trip east a couple of years ago.

Mrs. William A. Smart went to Los Angeles this morning for an all-day stay, making the trip via the Pacific Electric.

Mrs. D. W. Sturgeon of 442 South Birch street has returned from a six weeks' visit with her daughter, Mrs. W. B. Martin of Dodge City, Kansas. Mr. Sturgeon, who went east with his wife, was detained by business, but will return here within a few days.

Miss Minnie A. Boyd of Winnipeg, Canada, is visiting at the home of Mr. and Mrs. R. V. Corbett, 1217 Van Ness street.

Arthur McFadden was a morning passenger on a Los Angeles bound Pacific Electric car today.

Vernon Johnson of Bush street left Sunday for an overland trip, going to New York City, where he will spend just one day before returning to the Pacific coast. A long journey to take for so brief a sojourn. Mr. Johnson bought his ticket east via the Salt Lake system and its connections.

Mr. and Mrs. A. H. Stutsman spent yesterday in Los Angeles. Miss Hester Covington was a Los Angeles visitor yesterday.

## MISSION GROWING IN INTEREST TO HEARERS

The Franciscan Mission at St. Joseph's Catholic Church is proving of great interest in the parish and the splendid sermons of Fathers Humilis and Aloysius are bringing back into the fold many who have dropped away through lukewarmness and neglect. Before the mission ends it is hoped that still more of those will take advantage of the opportunities opened to them, especially to those who in the old days joined with the handful of the faithful in keeping up the little church.

The topics at this morning's masses were "Venial Sin" and "Lukewarmness and Indifference," and this evening the subject will be "Death."

Father Aloysius preached a splendid sermon last evening on "Mortal Sin," pleading acts of startling ingratitude of man towards man and comparing these to acts committed against the Creator with little or no compunction. The sermon was prefaced by an explanation of the confession and confessional, the speaker showing that the first confession was made in the Garden of Paradise, where God heard the confession of Adam and Eve. This does away with the objection of many that God sees and knows all things, therefore confession is unnecessary.

## REGISTER'S SPECIAL VACUUM CLEANER OFFER ENDS NEXT SATURDAY

This is the last week of the Register's special offer of a \$12.50 Vacuum Cleaner for \$5.40. No deliveries will be made after next Saturday, February 21st, and no more cleaners can be supplied after that date.

Up to date nearly two hundred have taken advantage of the Register's liberal offer and so far as is known all are well pleased with the cleaners. Phone the Register office and a demonstrator will be sent to your home.

DENVER TO VOTE ON \$3,000,000 BOND ISSUE

DENVER, Feb. 17.—Whether the city of Denver shall grant to the Denver Union Water Company a 20-year franchise and vote \$3,000,000 in bonds to be loaned to the Denver & Salt Lake railroad for building the Moffat tunnel through James Peak are the two important issues at a special election being held here today. The water company franchise is contained in a proposition fostered by the Denver Retail Association as a settlement of the long standing controversy over the acquisition of the water plant by the city. A bitter campaign on this question has preceded the election.

The Moffat tunnel proposition provides for a \$3,000,000 loan to the railroad on the provision that the road will add \$1,500,000 to that sum for building the tunnel and guarantee repayment of the city's loan. In addition, there will be retained on the bond a charter amendment providing for a bi-monthly pay day for city employees, who are now paid once a month, and for an increase in the running time of local improvement bonds. Citizens will vote on five questions, as the water provisions consist of both a charter amendment and a franchise. All questions were initiated by the people.

## BEST LAXATIVE FOR BOWELS—"CASCARETS"

When Constipated, Headachy, Bilious, Breath Bad, Stomach Sour

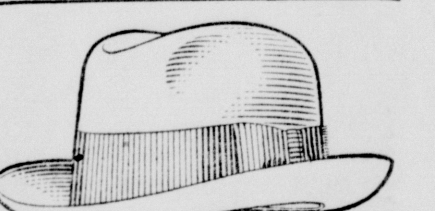

Get a 10-cent box. Are you keeping your bowels, liver, and stomach clean, pure and fresh with Cascarets, or merely forcing a passageway every few days with Salts, Cathartic Pills, Castor Oil or Purgative Waters?

Stop having a bowel wash-day. Let Cascarets thoroughly cleanse and regulate the stomach, remove the sour and fermenting food and foul gases, take the excess bile from the liver and carry out of the system all the constipated waste matter and poisons in the bowels.

A Cascaret tonight will make you feel great by morning. They work while you sleep—never gripe, sicken or cause any inconvenience, and cost only 10 cents a box from your druggist. Millions of men and women take a Cascaret now and then and never have Headache, Biliousness, Coated Tongue, Indigestion, Sour Stomach or Constipated Bowels. Cascarets belong in every household. Children just love to take them.—Advertisement.

# GREAT NATIONAL ORANGE SHOW IN READINESS FOR OPENING TOMORROW NOON

SAN BERNARDINO, Feb. 17.—The National Orange Show is greater than ever before. A glimpse of the big exposition tents—there are three of them this year and the largest in the West—shows it.

The feature art displays, one from twenty of the largest citrus fruit districts in California, both north and south, throw out the atmosphere of artistic beauty and wealth. Surrounding the art works to form a court of honor, are huge weathered-copper urns, each containing California flowers and greenery. Then comes the garden wall, built for hundreds of feet solid with citrus fruits, and encircling the entire fruit display.

From practically every orange and lemon producing section in California has come this fruit. These are the fruits entered in competition for the world's prizes.

Overhead is a canopy of 1,500 lights, each clothed in flowers, of the Golden West.

The National Orange Show has become such an important factor in the citrus fruit industry, that every producing district from those of a few hundred cars to those which ship by the thousands, are participants in the exposition. It is these districts that own the National Orange Show.

Lindsay and Exeter, representing Tulare county, and Fresno and Kern counties are here to represent the big growing districts of Northern California in the keen competition for prizes. Opposing these new counties in the citrus fruit displays are all of Southern California's counties—Riverside, Los Angeles, Orange, San Diego and San Bernardino.

The industrial section is given over to a demonstration of the implements and supplies which go with the citrus fruit industry.

Then there is the entertainment

section, in which the best vaudeville acts to be had in the state will be shown, afternoon and evening. This section is a part of the main exposition, and is a new departure. A midway will be conducted adjoining the exposition.

The ceremonies of the opening night will be featured by remarks from men who have made the citrus fruit industry in every part of California.

Thursday will see the arrival of Governor Hiram W. Johnson, who as the executive of the state comes to pay California's tribute to the citrus fruit industry. On the same day the members of the California Press and Southern California Editorial associations will be here, about 300 strong. They are to be the guests of the National Orange Show. A special program for their entertainment has been arranged. Thursday is Los Angeles county day, and from Monrovia, where the Ten Thousand Booster Club is in charge of the fair, will come a delegation of probably 100 people, by special train and automobile. Pasadena will send a delegation on a special train on the same day. The Los Angeles Chamber of Commerce will run a special train, and prominent men of that city will be here.

Friday is Riverside county, Riverside city and Corona Day. The big districts of Riverside and Corona have always been active supporters of the National Orange Show. The Riverside club will bring the famous Cantadores Club chorus of 60 male voices.

Saturday is Pomona, Covina, Ontario and Upland Day. San Diego will also be here on Saturday. These communities have all entered big displays, both features and box displays. This will be one of the big

gest days of the exposition.

Sunday is working-man's day and from all over Southern California are coming the men and women who can attend the exposition on no other day. A sacred concert will be rendered.

Monday will be given over to Rialto, Fontana, Bloomington, Cucamonga and Etiwanda, the five districts west of San Bernardino. These districts have extensive exhibits in the exposition.

Tuesday is Redlands, Colton, Highland and Yucaipa Day, and will probably bring the largest delegation of the exposition.

Wednesday is San Bernardino Day. The best musical organizations in the Southland will be here to aid in the entertainment features.

## LADIES! SECRET TO DARKEN GRAY HAIR

Bring Back its Color and Lustre With Grandma's Sage Tea Recipe

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant; remove every bit of dandruff, stop scalp itching and falling hair. Mixing the Sage Tea and Sulphur Hair Remedy, thus avoiding a lot of fuss.

While wispy, gray, faded hair is not stylish, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger.

## GARDEN GROVE

# HARD FOUGHT GAME PLAYED

Banquet is to Be Given at Y. M. C. A. by the Defeated Reds

GARDEN GROVE, Feb. 17.—A pleasant and hard-fought baseball game was played at Garden Grove on Saturday afternoon between Orange and Santa Ana players and the Garden Grove Baseball Club, resulting in a score of 5 to 7 in favor of Garden Grove. Another game will probably be played on February 21.

A banquet will be given for men at the Y. M. C. A. on Wednesday evening, the occasion being a victory for the Blues in a contest between the Reds and Blues for membership. A good time and a large crowd are expected.

The Parliamentary Club met at the home of H. C. Powell. After an hour of study the evening was spent in music and conversation. Lemonade and cake were served.

The Y. M. C. A. held meetings Sunday at Bolsa at 3 p. m. and at Tallahassee at 7:30. The meetings were in charge of E. M. Gergan, Wm. Morrill and Mr. Perry.

Mr. and Mrs. A. W. Johnson, who are wintering at Hollywood, motored down to the home of J. G. Allen last Friday. They will remain until Tuesday visiting. Their home is in South Dakota.

Mrs. Kerner went to Los Angeles yesterday with her son-in-law, Auguster, Mr. and Mrs. Wilson and little son. They will be entertained in Hollywood this week. Mrs. Kerner returned last evening to her home.

Mr. and Mrs. S. Penfield visited in Santa Ana on Sunday.

Mrs. Arnold and her daughter, Mrs. Nickerson, who have been visiting in Kansas and other places in the east, are expected to visit at the home of E. Beardsley this week. They will be on their way to their home in Oregon.

Mr. J. L. Kerner is on a business trip to Los Angeles today.

W. W. Doty of Los Angeles visited at the home of his daughter, Mrs. Henry Russell, Sunday.

Mr. and Mrs. Wm. Slack of San Gabriel visited at the home of Mr. and Mrs. S. Penfield on Saturday.

Raymond Beardsley is just recovering from a very bad case of arthritis. He is very weak, but will probably improve rapidly, since the disease is checked.

Miss Enola Sherwood of Los Angeles is visiting relatives here today.

Miss Lola Coplen is spending several days at the home of C. P. Taft this week.

Fred L. Hunt has sold his forty-acre ranch about two miles northeast of town to a Mr. Goodman of Los Angeles, who will take possession at once. Mr. Hunt will move to Los Angeles.

Quinn Nichols is putting down a large well on his twenty-acre place northeast of town and will put in a pumping plant. He has already set the place to walnut trees of the Placencia variety.

**LOS ANGELES PRODUCE MARKET**  
Apple shipments continue heavy, despite the fact that it is nearly two months after the usual arrival of apples from the packing districts have stopped. The demand for this fruit has been phenomenal this year, owing to the fact that there was less stock stored, with shorter crop than usual. It has been essential to keep importing apples from the northern part of the state and from Oregon and other states. Yesterday the receipts were 2410 boxes.

There was no change in the market of staples. Receipts of eggs were 502 cases of local stock. The demand was very good, and with light eastern arrivals, the quotation held firm. San Francisco also failed to show change.

Butter was firm, with reported receipts of only 26,920 pounds over Sunday. Trading was all in creamery extra. There was no change in cheese, and little activity. Arrivals were 4365 pounds.

The market on spuds was weak, and receipts showed 5362 sacks in. The call is not heavy, owing to the fact that the majority of dealers who are not well stocked are not carrying a big surplus with a possible drop in the market right at hand.

## FIFTY CARLOADS OF CELERY STILL TO GO TO EASTERN MARKET

Market Conditions Are Sluggish, But Celery Moving Rapidly

Secretary Johnson of the Celery Growers' Association reports that but a very small acreage of celery was lost during the recent rains. In some few places plants suffered from standing in water, but as a rule the drainage of the lands was such as to do very little harm.

All early varieties have practically been shipped out. There are still about fifty carloads to go out in the next week or two.

Of Green Tops, the late variety, there will be none ready for shipping in February, the bulk of the crop coming in during March.

Although market conditions are somewhat sluggish at present, Mr. Johnson says that prices range from 16 to 18 and 20 cents per dozen, 1.00 lb., and that celery is moving rapidly enough, all things considered.

## OPENS UP NOSTRILS, CLEARS HEAD, ENDS COLDS OR CATARRH AT ONCE

Instantly Relieves Swollen, Inflamed Nose, Head, Throat—You Breathe Freely—Dull Headache Goes—Nasty Discharge Stops

Try "Ely's Cream Balm." Get a small bottle anyway, just to try it. Apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe freely; dullness and headache disappear. By morning the catarrh, cold-in-head or catarrhal sore throat will be gone. End such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet, fragrant balm dissolves by the heat of the nostrils; penetrates and heals the inflamed, swollen membrane which lines the nose, head and throat; clears the air passages; stops nasty discharges and a feeling of cleansing, soothing relief comes immediately.

Don't lay awake tonight struggling for breath, with head stuffed; nostrils closed, hawking and blowing. Catarrh or a cold, with its running nose, foul mucus dropping into the throat, and raw dryness is distressing but truly needless. Put your faith—just once—in "Ely's Cream Balm" and your cold or catarrh will surely disappear.—Advertisement.

## FIERCE FIGHTING ON AT MILPA ALTA

MEXICO CITY, Feb. 17.—Desperate fighting between federals and Zapatistas is progressing today at Milpa Alta, twenty miles from the capital. The rebels were heavily reinforced at dawn and immediately attacked the federalists. Reinforcements were rushed from here, including a machine gun and detachments of troops. The engagement is reported as exceptionally bloody. It is believed many have been killed.

CARRANZA ON MARCH—NEW ISSUE SCRIPT MADE DOUGLAS, Ariz., Feb. 17.—General Carranza left Culidán, Sonora, Sunday, expecting to reach the capital, Hermosillo, last night. A large detachment of Sonora troops were expected at Auga Prieta opposite Douglas last night to begin the march to Chihuahua to aid Gen. Villa attack Torreón.

Governor Mayorena has issued a proclamation authorizing the issuance of ten thousand dollars in script in five and ten cent denominations to relieve the shortage of small change in Sonora, practically all the fractional silver having disappeared.

## BREAKS A COLD IN A FEW HOURS—PAPE'S First Dose of Pape's Cold Compound Relieves All Gripe Misery

Don't stay stuffed-up! Quit blowing and snuffling! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken will end gripe misery and break up a severe cold either in the head, chest, body or limbs. It promptly opens clogged-up nostrils and air passages; stops nasty discharge or nose running; relieves sick headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness. "Pape's Cold Compound" is the quickest, surest relief known and costs only 25 cents at drug stores. It acts without assistance, tastes nice, and causes no inconvenience. Don't accept a substitute.—Advertisement.

## BANANA SPONGE

Soak one-half a box of gelatine in one-half of a cupful of cold water. Boil a bottled custard with 1½ cupfuls of milk, three eggs, one cupful of sugar and a pinch of salt. Add the soaked gelatine, stir until dissolved, strain and set aside until cold and beginning to thicken. Beat in two tablespoonfuls of lemon juice and one-half dozen bananas reduced to a pulp by pressing through a sieve or putting through the finest cutter of the food chopper. When it again begins to thicken stir in lightly one cup of thick cream whipped to a solid froth. Turn into a wetted mold and set away until firm.

## WELSH RAREBIT

This is a very fine recipe and quite inexpensive. Melt two tablespoonfuls butter and add one tablespoonful of flour, one-half teaspoonful of salt, mixed together. Then add one cupful of milk. When hot add one cupful of cheese, cut thin. Stir until melted. Just before leaving the fire, add one beaten egg. This quantity will serve four people. Serve hot.—Tulacy Blade.

## CELEBRATE DAYS OF 2 HEROES TOGETHER

Dr. Clarkson Guyer Brings About Such Celebration in City of Denver, Colo.

DENVER, Feb. 17.—Americans should not celebrate the birthdays of Washington and Lincoln separately but should make a joint celebration of both on a day devoted especially to honoring the patriotism of America's foreign-born citizens. This is the point of view of Dr. Clarkson N. Guyer, who is responsible for the inauguration of such a celebration here on the evening of February 20. This will be the first celebration of the kind in the United States and its promoters hope that it will be followed by similar observances in other American cities next year. Governor Elias M. Amos of Colorado is one of the enthusiastic supporters of Dr. Guyer's idea. Dr. Guyer, discussing the celebration, gave the United Press the following exclusive statement today.

By Dr. Clarkson Guyer  
[Written for the United Press]  
Denver plans to evoke the patriotic

## SCHOOL TRUSTEES ARE TO MEET FEBRUARY 6

County Superintendent of Schools Mitchell has sent out the following notice to clerks of school districts of this county:

"To School Trustees of Orange County—The next School Trustees Convention will convene at Old Fellows' hall in Santa Ana at 10 a. m. on Feb. 26, 1914.

"Every board in the county should send at least one delegate. Dinner will be served free to all delegates attending the convention, and each local board of trustees will be expected to pay the traveling expenses of one member. Remember that all are welcome and are hereby cordially invited to attend.

At least two outside speakers will be secured to be in the sessions—possibly Mr. Chamberlain of San Francisco and friend Keppel of Los Angeles. Sufficient time will be allowed for any one to ask questions. If you have in mind any topic that you would like to have discussed, please notify me soon.

"Remember—first, the date, Feb. 26; second, to elect a delegate; third, that the clerk will be expected to be present on time, if no election is held."
